cultivate a life

Introducing
MASIXOLE FENI

AGE: 21
CURRENT GRADE: 12
COMMUNITY OF ORIGIN: Nvanqa
BELIEF SYSTEM: Christian

I was born in Mfuleni and grew up in an orphanage until I was 19; now I stay at a boys foster home, Beth Uriel. I met my mom once when I was 5 and then heard the news that she died when I was 7. I never met my father but I heard that he also died after my mother had passed away. My hobby is photography and I want to be a professional photographer. I like it at SOH because the teachers are more involved in your life.

interACT– I think of my situation and I wake up every day reminding myself of my mission: to complete school, to succeed in life, and not wait for handouts.

Purpose & Destiny

FUTURE PLANS AND NY

Visiting NY would provide rainbow of opportunities for me in experiencing another part of the world, a chance to build new contacts especially in my photography career.

I see myself as an independent, self established photographer long after I graduate from college.

I see myself having a stable life and running a photography group for children from disadvantaged backgrounds like me.

join us in investing in the greatest assets on earth; human lives
